Sleek Surf Shack

Concept by Henrietta Southam

The Sleek Surf Shack is a concept that marries Simon's minimal modern aesthetic with Virginie's warmer and authentic laid-back beach vibes.

The husband and wife duo had put together an exhaustive moodboard that helped guide the colors and materials chosen: cement grey slabs to anchor and unify the space, black stained wood and rustic brick to modernize and clean up the architectural lines.

The palette of black and white is pulled throughout the furniture and art. The vast space is exaggerated by doubling the use of the main floor rooms which all look out to wide unimpeded water views. These clients are both a young couple and young parents and I kept a playful side in mind.

This harbor was designed to be warmly inviting while also exaggerate the scale and visual impact of their water edge bungalow and exhilarating view.

THE SUN NEVER SAYS

Even
After
All this time
The Sun never says
To the Earth,

"You owe me."

Look
What happens
With a love like that,
It lights the
Whole
Sky.

Hafiz.
