# EMMY ELEGANCE

EMMY ELEGANCE

The concept of Emmy Elegance is both inspired by Amy and Jerry as well as their own inspiration. Amy’s hankering for classicism needed to have some edges pulled in for Jerry’s joviality to have room to expand in comfort. In came noble materials like marble and oak tempered by linen and leather.

The idea was to mix sassy with cool so while keeping the lines crisp and the concept glam, the design brought in worldly cozy. Sexy is obviously present as this family does not shy away from one of the best markers to design around. The house offers two types of spaces: the grand and the intimate. Both are emphasized with different moods: the luminous lantern of the Living room decked in whites and warm colors; the dark sultry rock-and-roll Dining room and lounge coiffed in cork and corduroy.

The entry and kitchen that sit in transition between both sides are the marvels. The entry has become a full announcement of female Canadian chic and gives way to the most splendiferous kitchen HS Design has ever had the honor to propose. In essence Emmy Elegance is both wine and whiskey. Complex, complete, courageous, elegant and happy making. In the image of, and an homage for, their richly deserving owners.
